

Dear Grandma,

I meant to send this earlier, but Grandpa went to the hospital. I didn't know what to say in this note after.

It truly means a lot that you both came to my graduation and the party. With all that's happened, I feel blessed.

Thank you so much for everything.

Thank you for being my loving grandma. I love you and I hope you come to my college graduation. I know Grandpa will be there in spirit.

Love, Cara
